PRESIDENT'S MESSAGE

Bob Pederson

Presidents Message June 2015

The May meeting was held in South Denver near Cherry Creek. The site worked out well and was easy to get to. Member John Knott secured the meeting room in the Calvary Apostolic Church on Yale near I-25. I was expecting to see a lot of Denver area members to show up due to the local meeting location and the very interesting meeting topic. Sad to say, meeting attendance was limited. We had three guys from north of Longmont and two from the Denver area and Harold Bailey from South Denver. It takes a lot of planning and preparation to get these meetings together and if the members aren't interested, then it is not worth the effort. All I can say is you missed a great meeting discussion if you weren't there. Harold Bailey did a show and tell about his new DLG (The "Harold", High Aspect Ratio Optimum Launch Design) that he built from piles of Carbon and Fiberglass cloth and epoxy. He has developed some very innovative processes to get a light weight DLG (~213 grams!). He also designed some simple tools to aid construction. Harold maidenied his new design at the May contest and everybody's jaw dropped when they saw the planes hang time in dead air.

I think we should hold off on meetings during the summer like some other clubs. Since we don't have any urgent business to discuss or a meeting program to present, I don't plan to have an official club meeting in June. Instead of a July meeting how about getting together out at the field on a non-contest day and just fly for fun? Bring a lunch, drinks, shade, sunscreen, family and a few planes. If someone could bring a grill, we could even do hamburgers and hot dogs. We can set up a few winches, maybe roll out a hi-start and even get some of the aero tow guys out for some towed flights. I know there are more planes in the club besides F3J, F5J and F3K competition ships. How about it? Bring out that Oly II, Radian, Bird of Time, Whipit, etc. and lets have some low key fun. We can do some mentoring for the newer pilots in the club. If you need help with launching, transmitter programming, thermal hunting, precision landing, etc. this would be the time to get out to the field. Let me know if you want to support this kind of activity.

If there is a business item that needs to be discussed, please let me know and I will get it on the schedule. Also, if you have an idea for a club meeting or presentation, let Blayne Chastain or myself know and we'll get it scheduled.

June will be a busy month with a DLG contest on the 6th (Sam Pendleton is CD) a F5J contest on Sunday the 7th (Lenny Keer CD) and a Cross Country event on the 21st (Mike Verzuh CD) . Pick your poison and come on out and fly.

Bob Pederson

Cross Country Flying

Come on out and enjoy a day of cross country flying Saturday June 27th This is a very safe and fun cross country course starting at my home. All you need is 4m ship and open top vehicle to participate. We will open the course at 10:00 with a pilots meeting at 9:00, closing time dependent on weather but will likely be about 3:30 or 4:00. Then, since it is Saturday please plan on hanging out by the pool for burgers and beverages. Please give me a call to discuss your situation and so I can get a headcount of who is attending. I can advise with some planning information.

Location: Mike Verzuh's home 616 South County Road 23, Berthoud CO 80513.

Phone: 303 709-3232

RMSA 2015 Calendar Of Events

[\(click for online version that may be more current\)](#) Note:-Italicized entries are changes from original

Date	Event	Location	Description
Thu Feb 19 - Fri Feb 20	F3J in the Desert 2015	Schnepf Farms Queen Creek AZ	
Sat Mar 7	Open Contest	RMSA Club Field - 120th Ave	CD Blayne Chastain
Sun Mar 15	DLG Contest	TBA	CD - TBD
Sat Mar 28	Red Rocks Utah DLG	St George UT	Red Rocks F3K 2 day contest and TS qualifier
Sat Mar 28 - Sun Mar 29	F3J in the Deep South	Houston Tx	F3J Tour Event
Sat Apr 11	DLG Contest	TBA	CD - Bob Pederson
Sun Apr 26	F5J Electric	RMSA Club Field - 120th Ave	CD - Lenny Keer
Sat May 2 - Sun May 3	IHLF Handlaunch	Poway CA	International DLG
Sat May 9	Open Contest	RMSA Club Field - 120th Ave	CD - Jim Monaco
Fri May 22 - Sat May 23	F3J in the Rockies	RMSA Club Field - 120th Ave	F3J Tour Event
Sun May 24 - Mon May 25	Blue Skies Over Colorado DLG	RMSA Club Field - 120th Ave	CD - Need Volunteer
Sat Jun 6	DLG Contest	RMSA Club Field - 120th Ave	CD - Sam Pendleton
Sun Jun 7	F5J Electric	RMSA Club Field - 120th Ave	CD - Lenny Keer
Sun Jun 21	Cross Country	Verzuh Ranch	CD - Mike Verzuh - Note this is Fathers Day
Sat Jul 11	Open Contest	RMSA Club Field - 120th Ave	CD - Blayne Chastain
Sun Jul 19 - Sun Jul 26	DLG F3K World Championships	Croatia	
Sun Jul 19	DLG Contest	RMSA Club Field - 120th Ave	CD - TBD
Sun Jul 26 - Sat Aug 1	Soaring Nats	AMA Field Muncie IN	F3J July 31 - Aug 1
Sun Aug 9	Open Contest	RMSA Club Field - 120th Ave	CD - Jim Rogers
Sat Aug 15 - Sun Aug 16	F3J in New Mexico	Albuquerque NM	F3J Tour Event

ROCKY MOUNTAIN SOARING ASSOCIATION FIELD RULES

1. The sod farm operations take precedence over **ALL** activities. We use the field at the convenience of the owner.
2. All members will follow **ALL** instructions from **ANY** sod farm personnel without question.
3. When sod farm operations are occurring during a flying session it is **OUR** responsibility to ensure that we will not interfere with operations. If it is unclear as to what is happening or where they intend to mow or work try to talk to workers or management and always move equipment or vacate the premises if necessary. Some workers do not speak very good English – in that case you must make every effort to avoid conflict or interference with operations.
4. Park only in the designated parking areas Do not park on grass, dirt or roads.
5. Avoid setting up on newly seeded areas or young grassy areas. The nice grassy areas are better to land on anyway!
6. Establish a frequency control pole and tag system! Frequency control is to be in effect at all times!! All members will post their frequency control tags on the pole and if there are conflicts, please exercise safety sense as well as share the flight time.
7. Parking and pit areas should be as condensed as possible for the safety of launch and landing.
8. Establish flight line areas for winch launch, high start launch, and hand launch that are separate for the sake of launch, flight & landing safety.
9. Flying over the parking/pit areas at less than 30 feet is prohibited. Doing so in competition **WILL** result in a zero flight score and during R/R flying a disciplinary action by the club.
10. No aerobatics or speed runs over the parking/pit/Launch/Landing zones.
11. Do not launch if a plane is circling in a launch zone: vacate the launch zone as soon as possible if someone is waiting to launch.
12. When entering a thermal occupied by other aircraft, enter in the same direction as the first aircraft
13. Landing aircraft have the right of way!
14. In the event of no mechanical retriever, please shag your own chute/line for the flight
15. Please share the usage of club equipment so that all have equal flight time.
16. Please be courteous and helpful to your fellow flyers as well as informative to all guests/spectators. Enjoy yourself and others!!
17. Absolutely no debris or trash is to be left on the field! Please take it home with you for disposal.
18. Make sure that your plane and electronics are airworthy before each flight. Exercise good safety sense in your flight
19. The aircraft will have an identification name/address or AMA number on or in the model in case of loss.
20. You **MUST** tag your winch/high start spikes or stakes with fluorescent tape so they are easily spotted on the field by all concerned. Members may be fined \$10 for each stake or nail not so marked. Previous damage to sod farm equipment from spikes left in the ground has made this rule **EXTREMELY** important.
21. Absolutely no alcoholic beverages will be consumed, prior to or during participation in any model event on the flying field.

I understand and will comply with all RMSA field rules:

For Winch Use:

If you are interested in using a club winch please contact Mike for the first time, and I will insure you have all the details for trailer access. Also if you are a new member and have not had a winch operation and safety briefing we will coordinate that.

Directions to Field

Take I-76 to exit 16. Turn left and follow the frontage road to the stoplight and turn east onto 120th eastbound towards the airport. Take 120th East to Tower Rd. Take 120th east of Tower Rd about 3/4 miles. We fly on the North side of 120th which is the SE quadrant of the sod farm.

Flying for RMSA members and accompanied guests only.
